VOL. XXII, NO. 154 GAINESVILLE, FLORIDA, FRIDAY, JULY 14, 1905 TEN CENTS A WEEK

CZAR MAY APPOINT NEW PEACE ENVOY

Pressure Being Brought to Bear Against M. Muravieff.

BITTER NEWSPAPER ATTACKS

It is Claimed His Health is Not Good and Will Not Be Able to Stand the Strain—Other News from the Czar's Domain.

St. Petersburg, July 13.—Strong influences have been brought to bear on Emperor Nicholas to induce him to replace M. Muravieff as peace plenipotentiary although the ambassador has taken the passage on the steamer Kaiser Wilhelm der Grosse, sailing from Cherbourg July 26. According to reports the emperor is wavering if he has not already become convinced of the fact that his choice was unwise.

The Russian newspapers, whose criticism compelled M. Muravieff to relinquish the portfolio of justice, have attacked him with great savageness as being utterly unqualified to conduct such important negotiations and the foreign office has all along been supposed to share a similar view. The peace party at court has done its utmost to secure the suppression of M. Muravieff under the belief that his conduct of the negotiations would be sure to lead to unfortunate complications, if not the complete wreck of the hopes of peace. The members of his party profess to believe today that they have won a victory and that while M. Witte will not lead the Washington mission, M. Pokotiloff, Russian minister to China, M. Witte's right hand man, will head the mission.

They say the emperor's attitude was apparent on Monday when he received M. Muraieff coldly and remarked that he did not believe his health would stand the strain of going to Washington, and the imperial intimation was of a character not to be disregarded. Moreover, according to the usually reliable authority the emperor when he received Foreign Minister Lamsdorff in audience yesterday, declined to approve the instructions prepared for M. Muraieff's guidance, and during the evening it was equally significant that the foreign minister made it a point to tell a foreign ambassador who called that Muraieff's health was not good.

Killed Shouvaliff Through Revenge.

St. Petersburg, July 13.—The murder of Prefect of Police Shouvaloff, of Moscow, who yesterday was assassinated while receiving petitions, according to the latest information was inspired by motives of vengeance on the part of the assassin who laid at Count Shouvaloff's door the responsibility for his recent arrest, although there is absolutely no evidence that the prefect had no cognizance of the affair.

General Stoessels Arrested.

St. Petersburg, July 13—The Nashashisn prints a report that Lieutenant General Stoessel has been placed under arrest at Tsarsko Selo in consequence of the revelations by the commission which has been investigating the defense and capitulation of Port Arthur, and that the sword of honor donated by a number of French admirers of General Stoessels will not be presented.

Authorities Fear Mutiny.

Reval, Russia, July 13.—Being apprehensive of a mutiny the authorities here have ordered the sailors of the Russian cruisers Minine and Kremlin to be relieved of their arms. So much discontent has been manifested among the crews of the warships owing to the quality of the food supply. The officer who is held responsible for this state of affairs has been placed under arrest.

Emperor Going to Moscow.

St. Petersburg, July 13.—The Bloss positively announces that the emperor will travel to Moscow where, on Wednesday, the 19th instant, he will issue a proclamation summoning the representatives of the people to the Islinsky palace, Kremlin. Some of the officials of the court already have gone to Moscow to make preparations for the event.

Peasants to Destroy Sergius' Property.

Dmitrovosk, Russia, July 13.—Peasants have overrun and destroyed a large amount of property belonging to the vast estate of the late Grand Duke Sergius near Dobinsky.

PLOT TO ABDUCT IS DISCOVERED

Plan to Carry Off Governor's Son and Hold Him For Ransom.

Denver, Colo., July 13.—A dispatch to the News from Santa Fe N. M., says:

A plot to abduct Governor Otero's son has been exposed. Eight men are said to have formed themselves into a band to carry out the plot. The plan was to abduct the governor's son and carry him into the wilds of the Malpais country in Lincoln county, where he was to be held for ransom. The gang, after reaching the Malpais, intended to inform the governor that if within thirty days he would deposit at a certain place an enormous sum of money as ransom and accede to other demands, his son would be returned safely, and if the ransom was not forthcoming and the demands not acceded to, the cost to the governor would be the life of his son. Governor Otero has the mounted police and secret service men of the terrtiory on the look out for the members of the gang, and will leave no stone unturned until the entire party is captured.

SUICIDED DEBORE MOTHER.

Young Man Fired Bullet Through His Brain—Drink the Cause.

Tuscaloosa, Ala., July 13.—Guy Robertson, living at Sylvan, shot and instantly killed himself, according to reports from Sylvan. Young Robertson attended a game of ball during the early afternoon and returned home late.

Upon his return he was met by his mother, who was waiting his return. She noticed as he entered the room that he went to the bureau and took from a drawer a revolver, which she asked him to return to her. He told her that he would replace it himself, and stepping back only a few feet he pressed it to his temple and fired. Death resulted immediately.

He was an only son, and his parents are the most substantial in the section where they reside. He was but 19 years of age.

It is thought that he was drinking at the time he committed the rash act.

Aged Farmer Dies While Plowing.

Union, S. C., July 13.—A special from Cross Keys in this county, says a tragic death occurred near here when Andrew Lamb, a farmer about 75 years old, dropped dead while plowing alone in a field. His fall frightened the horse, which immediately ran to his home. The family, thinking something must be wrong, sent at once to investigate and found the old man who had apparently been feeling well when leaving home lying dead in his tracks. The ground showed that he had been walking at a moderate rate when he seized with the attack of heart trouble.

Bandits and Cut Throats Hanged.

San Francisco, July 13.—A story of wholesale execution at the little village of Taiklu, a hundred miles inland from Fusan, Korea, has been brought to San Francisco by the Rev. F. F. McFarland, a missionary who came home on the steamer Korea. In less than a week 60 men charged with being bandits and cut throats were hanged by order of the Japanese government. A party of Korean soldiers were the executioners. For many months bands of outlaws had been robbing and murdering in the country surrounding Taiku. The situation became so serious that the Japanese ordered the extermination of the offenders. The commission was entrusted to a detachment of Korean warriors who caught the men and hanged them.

LARGE CONVENTION FAVORS STATEHOOD

Oklahoma and Indian Territory Want To Be Admitted.

ONE THOUSAND DELEGATES MET

The Citizens of These Territories Are Anxious to Have a "State Immediately—Much Enthusiasm Displayed at the Big Gathering.

Oklahoma City, Okla., July 13.—One thousand delegates from the Indian Territory and Oklahoma met in convention here to take some definite action looking to imediate statehood.

Delegates and visitors began arriving yesterday and when the gathering was called to order the greatest enthusiasm prevailed. The convention was of great importance to both territories and, indeed, was considered one of the most important ever held in the Indian country. In the early hours delegations paraded the streets, headed by bands with banners flying and cheering for immediate statehood.

Many regular and special trains during the night and early hours brought in thousands of visitors from every direction. Seemingly, the utmost harmony prevailed among the delegates, their only object being to forward the movement of early admission to the union. There were several contesting delegations especially from the Indian Territory, where it was alleged the Indians had not been given fair representation, the disagreements had been settled largely before the convention was called to order. An effort to agree upon temporary officers in caucus early today failed, and that work was left to the convention.

When C. G. Jones, of Oklahoma City, called the convention to order in a brief speech, he was accorded a tremendous ovation, the delegates cheering until almost exhausted. Every county in Oklahoma and every recording district of Indian Territory was represented by the full delegation, while hundreds of statehood enthusiastics crowded all the remaining floor space in the building.

I. N. Holcombe, former territorial superintendent of instruction, welcomed the delegates and responses were made by H. P. Robins, of South McAlester, I. T., and Senator T. P. Gore, of Lawton, Okla.

Charges Against Mayor Dropped.

Cincinnati, July 13.—The proposed contempt charge against Mayor Helmbold, of Newport, Ky., which had been ordered by United States Judge Cochran because of the mayor's actions in connection with the imprisonment of Caleb Powers, in the Newport jail, has been dropped after a long distance telephone talk between the judge and the officials in Newport. The charge of resisting federal officers in the performance of their duties, however, will be pushed, the mayor and the two policemen who acted under his orders being held for appearance before the United States commissioner tomorrow.

Hearing Standard Oil Cases.

Kansas City, July 13.—The hearing in the suit to oust the Standard Oil company, the Republic Oil company and the Waters-Pierce Oil company from Missouri, on the ground that they are really one and the same concern and have combined in restraint of trade, was resumed at noon today. There are eight or ten witnesses yet to be examined, some of whom formerly were employes of the Standard Oil company.

Bonaparte Won't Accept Passes.

Washington, July 13.—It is stated at the navy department that Secretary Bonaparte has outlined his position in reference to accepting passes for free transportation on the railroads by returning passes that have been sent to him with thanks for the courtesy, but stating that by reason of the public position which he occupies he feels unable to avail himself of such consideration.

ALLEGED LOTTERY IS RAIDED.

United States Officials Capture "Bank" Tickets and Literature.

Chicago, July 13.—United States government officials have raided the imperial bank, one of the institutions conducted by Louis Gourdain and Jno. H. Dalton, now under indictment for operating a lottery. The search warrants were issued by Judge Bethea on the complaint of Inspector Ketcham, the postoffice department.

Accompanied by United States deputy marshals, inspector James E. Stuart, entered the bank armed with a warrant and proceeded to confiscate everything in the shape of books, papers, literature, tickets and such other articles as were thought necesarry to be used as evidence. A wagon backed up to the door and the "bank" was transferred to the postoffice store house. The federal seizure warrant called for "all articles of literature, paper, tickets, books, etc., belonging to the Louisiana Banking company, Louisiana State Loan and Trust company, Victor Lopez & Co., W. J. Morgan & Co., Louis Gourdain, Impreial Banking company, Imperial Bank and the Manhattan Exchange bank." The trial of the "bank" officers will come up before the federal court at the next session in September. The articles confiscated will be introduced as evidence in the trial.

GRAND JURY INDICTS OFFCIALS.

County Officers Are Charged with Accepting Bribes, Etc.

Milwaukee, Wis., July 13.—Sixty-seven indictments against 25 individuals, most of whom are former county officials, were handed down by the grand jury and the probing of the jury still goes on, the term not expiring until September 1. This batch of true bills added to the thirty-eight returned ten days ago makes a total of 105 thus far. This list contains 20 out of the 21 names returned in the last batch, there being but five new names before reported.

Nearly all of the indictments charge bribery in the sum of $50, the amounts, it is alleged having been paid to present or former county officials, in connection with the awarding of contracts for the erection of an addition to the county hospital several years ago. Many of the indictments are the result of confessions of Otto Seidel, Jr., and Edward F. Strauss, former members of the county board.

Electrical Railway for Cuba.

New York, July 13.—The Havana Central Railway company has awarded to a prominent electrical company contracts for the construction and equipment in Cuba of the largest electrical railway system ever intitiated by American interests outside of the United States. The company is to build and operate a net work of inter-urban lines radiating from the city of Havana and covering an extensive territory in the interior of the island, which has hitherto been without transportation facilities. About 125 miles will be constructed at first involving an expenditure of nearly $5,000,000.

The road besides its passenger traffic will inaugurate a freight service.

Five Hundred Chinese Drowned.

Victoria, B. C., July 13.—News was received by the emperor of India of the drowning of over 500 Chinese as a result of the collapse of an overcrowded mat shed on the banks of the west river, near Canton. Outside Szui City, northwest of Canton, a large gathering had assembled to witness the dragon boat festival. Dense crowds flocked to a mat shed built over the river. The structure gave way and precipitated them all into the river. A few saved themselves but the others were drowned.

Imperial Forces Gain a Victory.

Tangier, Morocco, July 13.—Mohammed El Torres, the representative of the sultan here for foreign affairs, has received information to the effect that the imperial forces have won a victory over the Moorish pretender near Ujda in the Northeast of Morocco. The pretender escaped leaving 180 men dead. The sultan's troops captured many prisoners.

NEW YORK 'CHANGE GREATLY SHOCKED

Want An Investigation On Cotton Report Leakage.

LETTER TO PRES. ROOSEVELT

President Hubbard, of the Exchange Says that Official Reports Should Be Above Suspicion—Should Punish the Guilty Ones.

New York, July 13.—The New York Cotton Txchange made public today the following letter:

"Theodore Roosevelt, President of the United States, Washington, D. C.—Dear Sir: On behalf of the New York Cotton Exchange I want to say that its members have been greatly shocked by the recent disclosures of venality in the department of agriculture upon whose reports they have depended for accurate information in the conducting of their common business.

"It is to request that a full investigation be made of the methods which led to corruption with a view to preventing the possibility of a recurrence that I write, and that the guilty ones shall be adequately punished.

"Official reports should be above the suspicion of the publication in the interest of any person or their individual benefit and as president of the exchange I wish to put its members upon record as utterly opposed to such culpable proceedings.

"On the line of common honesty I ask you for your most emphatic condemnation and action upon the practices which made legitimate business impossible and put the members of our body at the mercy of tricksters and gamblers.

"With great respect, I am yours truly, Walter C. Hubbard, president New York Cotton Exchange."

BELIEVED FOUR LIVES LOST.

Steam Launch Collides With a Tramp Steamship in Hudson River.

New York, July 13.—It is believed that three and posibly four lives were lost last night when the steam launch Normandie was sunk in collision with a vessel supposed to have been a tramp steamship in the Hudson river.

Those who are believed to have been a lost are Captain Storm and Engineer Brady of the launch Normandie and Miss Gladys Dodge, of this city. J. Green, of New York, is also missing.

The Normandie was owned by C. W. Dumont, of New York, but had been chartered by him to John A. Rudd of Glenwood.

Mr. Rudd was on board the launch at the time of the collision and it was from him that the police of Yonkers received the meager information regarding the district.

Novel Plan of Boycott.

Victoria, B. C. July 13.—Mail advices from Hong Kong tell of a novel plan of campaign adopted by Chinese in South China to further the boycott movement against United States merchandise. Wealthy Chinese of Tsai hoi, in Sannin district, have imported thousands of Japanese fans, on one side of which they have had rough sketches printed of Americans roughly treating the Chinese, and on the other side sketches of Buffaloes being beaten and ill-used, are printed. The letter press accompanies the pictures calling upon the Chinese to fight the Americans by boycotting their goods. The fans are being widely circulated in south China.

Famous Professor Dies of Cancer.

Boston, July 13.—Professor Edwards S. Wood, of Harvard Medical school, a famous expert in examining human blood, is dead at his summer home at Pocassa. He had been ill for several months with cancer of the intestines. He was born in Cambridge in 1846. He gave expert testimony in many muder trials, his last appearance in court being in the trial of Charles Tucker, who was convicted last winter of the murder of Mabel Page at Revere.

LIBERTY STREET WILL BE WIDENED

Elegant Eighty-Foot Boulevard Will Lead to State University.

COUNCIL ISSUES AN ORDER

Surveyor Instructed to Go to Work Immediately in the Matter of Broadening and Straightening West Liberty. Sewerage Proposition Accepted.

Not only the "common people," but the City Council of Gainesville are thoroughly aroused and interested in educational matters, as is demonstrated by the action being taken by that body in the matter of public improvements.

At a special meeting of the council, the future of the city was discussed in connection with the location of the University of Florida, and it was unanimously decided to open West Liberty street from Fifth street west, a distance of a little more than a half-mile, to a width of eighty feet, and to make a beautiful grass plot on either side of the street. It was decided to begin this work at once, and the street committee was instructed to employ a surveyor and begin work immediately.

Liberty street, with its row of elegant, stately live oaks and handsome, costly residences on either side, is already one of the most attractive and most beautiful streets in all Florida, but it is intended to make the thoroughfare all the more attractive by widening it twenty feet and planting the lawns, which are now absent. Every property owner on the street will be glad to concede the encroachment in order to make the thoroughfare attractive, and the result will be that West Liberty will be an avenue of beauty and granduer when the doors of the elegant University buildings will be thrown open and bid welcome to the young manhood of Florida.

The City Council also considered the matter of sewerage, and a proposition for plans and specifications was read from Geo. W. Lyons, which was accepted, and Mr. Lyons instructed to proceed with same at once. Mr. Lyons, in his letter, stated that he believed the sewerage could be constructed, with twelve-inch mains, at a cost of $40,000, which will provide a first-class service throughout. Mr. Lyons is one of the most widely known contractors for sewerage in the South. He is now engaged in building the system for the city of Palatka, and will likely come from that city here.

After disposing of these important matters, the council took up the task of equalizing the city taxes, which occupied their time for the remainder of the evening.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

The News From Alachua.

Alachua, July 13.—Dr. J. W. Bishop of Newberry was in town Sunday and Monday visiting his uncle.

A. D. Walker, after a pleasant visit to relatives, returned home on Friday last, much to the regret of some of the young ladies.

Dr. J. L. Cloud is again made to feel glad by the arrival at his home of a permanent boarder. It's a bouncing big boy.

Alachua continues to grow rapidly, and better times are predicted when the Atlantic Coast Line Railway has completed its new tracks here, making it possible to have through trains by here from Tampa, Tallahassee, Live Oak and Lake City to Jacksonville and return on same day, as it is understood they will give in a few weeks, except from Tallahassee, which we will have as soon as the Jacksonville & Southwestern division is completed.

C. A. Williams has gone North for the purpose of buying goods and spending the hot months.

Cheerfully Recommended for Rheumatism.

O. G. H[illegible], Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all sufferers from like affliction." 25c, 50c and

SPECIAL SUMMER TERMS, 10c per week: allowing three changes during the week. Books must not be kept out over one week without renewing.

VOTE THE COUPONS.

How You Can Help Your Favorite Organization to Get the Library.

There has never before been a contest in Gainesville where there was so much value for so little or no outlay whatever, as in the Library contest now going on in this city.

You will find in The Sun every day a coupon. Each one of these coupons counts for two votes, and as there are a great many thousands of them the institution that gets the bulk of The Sun coupons is the institution that will win this contest.

In addition to this coupon, every subscriber to The Sun who pays in advance for a quarter of the year has the privilege of casting 75 votes, and for a half year 200 votes, and for a year 500 votes.

Of course, in buying from the merchants who are in this contest you should never forget to ask for the votes and vote. If you don't do it you will be sorry when the contest is over. But whatever you do vote the coupons anyhow. They do not cost you anything except the paper for which you have paid.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Valuable Jewels Stolen from Hotel

Beaufort, S. C., July 13.—A jewel case containing $5,000 worth of diamonds and other jewels has been stolen from the Sea Island hotel. The jewels were the property of Mrs. J. H. Adams, of Salem, Ala. Mrs. Adams had gone in bathing, leaving her jewel case on the dresser in her apartments at the hotel. Upon returning to her room she missed the jewels. Three negro domestics employed in the hotel have been arrested. As yet the gems have not been recovered.

Large Increase in Tax Returns.

Columbus, Ga., July 13.—Over one million dollars increase in the amount of personal property was given in for taxation to the city this year. The direct tax from this will be over $12,000, and it also increases the city's bond issuing capacity to the extent of $70,000. In the completion of the city's waterworks system this $70,000 can be used to great advantage, as the present bond issue, $250,000, will not be enough with which to build the system.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

THE SOUTHERN BELL WILL EXTEND LINES

Long Distance Line Will Connect This City With Outside World.

THE SERVICE WILL BE GOOD

Nothing But Best Material Will be Employed in System, and Gainesville May Talk to New York With Perfect Distinctness—Big Improvement.

The Southern Bell Telephone and Telegraph Company, which is one of the largest and strongest organizations of its kind in the world, proposes at no distant day to place Gainesville in a position where her people can talk not only to points in Florida, but to every city of importance in the United States. It will be a big convenience for a person in Gainesville on a few moments' notice to be enabled to talk to parties in Atlanta, Macon, Savannah, New York, Chicago, Cincinnati and many other points, and it tends to show that the country has an eye on Gainesville and its progressive spirit, and the Southern Bell proposes to furnish these particular conveniences; first, because they believe that it will pay, and second, because they are desirous of giving the people of this city as convenient and efficient service as any other point.

This is no dream, but an absolute certainty. For several weeks the Southern Bell has had a force of men engaged in this section, with headquarters in Gainesville. These men have been sent here for the purpose of arranging for the construction of a long-distance line to Starke, Jacksonville and intermediate points, and the work is fairly under way. The right-of-way, it is learned, nas been secured, the contract for the poles has been made, and the wire and other material is here—in fact, the latter has been here in storage for the past month. It is expected that work will begin as soon as the construction "gang" can arrive, and within the next few months Gainesville will be in a position to converse with the outside world.

This system, like all other lines owned by the Southern Bell, will be first-class. Nothing but the best of materials, including a heavy copper main wire, will be used, and when completed Gainesville may boast of having one of the most perfect long-distance telephone systems in the world.

Petition for Final Discharge.

U. S. District Court, Southern District of Florida, ss. In re R. B. Porter, Bankrupt. In the matter of Petition for Final Discharge.

On this 7th day of July, A. D. 1905, on reading the foregoing petition, it is ordered by the Court that a hearing be had upon the same on the 31st day of July, A. D. 1905, before said court at Jacksonville, in said district, at 10 o'clock in the forenoon, and that notice thereof be published in The Gainesville Sun, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send by mail to all known creditors notice of said petition and this order addressed to them at their places of residence as stated.

Witness the Honorable James [L. S.] W. Locke, judge of the said court, and the seal thereof, at Jacksonville, in said district, on the 7th day of July, A. D. 1905

JAMES W. LOCKE, Judge.

BOARD OF CONTROL SEND SURVEYORS

They Will Survey and Mark Out the State University Grounds.

ARE EXPECTED HERE TODAY

Chairman Bryan of the Board is Also Expected to Look Over the Situation and Close Some Preliminaries—The People of Gainesville are Jubilant.

Mayor Thomas received information Wednesday from Chairman Bryan of the Board of Control that a party of surveyors and engineers would arrive in the city today to begin the work of surveying the lands and laying out the grounds for the University of Florida recently located in this city.

This will be good news to our people, and not to them only, but to the entire State. This prompt action of the board is most commendable. It shows that they appreciate the situation and that they mean business and are worthy to wear the great trust with which they have been clothed. The Sun said, as soon as the personnel of the board was announced, that it was an exceedingly wise selection, and we have since seen no reason to modify our first opinion, except perhaps to make it stronger.

Dr. Siedd will accompany the party to superintend the work. We feel confident no pains will be spared by our citizens to give him a favorable impression of the city where next year the institution over which he has now the honor to preside will take up its permanent home.

Chairman Bryan has written he will come over today or tomorrow to look over the ground and complete some yet unfinished preliminaries. We congratulate the board on the wisdom and foresight displayed in the selection of its chairman. Mr. Bryan is not only a scholarly and cultured gentleman, and a leader among the younger members of the bar of the State, but is also an active, energetic, broad-minded, public-spirited man of affairs.

All honor to the Board of Control for the promptness and energy with which it is meeting the situation.

FRANK CLARK HERE.

Congressman From Second District Visits His Friends in Gainesville.

Among the visitors to Gainesville Thursday was Hon. Frank Clark of Lake City, Congressman-elect from the Second District, who came down on a professional visit.

Col. Clark's friends here were delighted to welcome him again after his campaign visits here, as he came to them as a "plain friend"—that is, not as a campaign worker, but just as an every-day citizen, when he could meet his friends in a casual way. It is needless to add that he was warmly welcomed here, as Frank Clark has as many friends, socially or politically, as any other man in Florida.

Mr. Clark did not come to talk politics, because he is through with that strenuous life which keeps a man in a nervous state, "always obliged," but was here to discuss some legal questions with Attorney Syd L. Carter. However, he was as usual glad to meet his friends, and discussed everything of a public interest except the University matter, which he declared in a good-natured way was "better left to the people."

Col. Clark, in reference to the proposed government building for Gainesville stated that when he reached Congress he would do all in his power to secure the increased appropriation, which had already been assured through the influence of his predecessors and colleagues. "You may say without fear that this increased appropriation is going to be made," he added, "because my predecessors have worked hard and have made good progress and you may feel sure that the matter will be properly attended to in the next Congress."

They Are Delighted.

Among the many congratulatory letters and telegrams received by The Sun, regarding the location of the State University in this city, the following is one that we very highly appreciate coming as it does from these estimable people, who spent last winter in Gainesville and will be regular winter tourists here:

"Shoals, Ind., July 12, 1905.

"H. H. McCreary, Gainesville:

"Accept our congratulations. We are delighted over Gainesville's great victory.

"Mr. and Mrs. J. B. Lloyd."

"IT SAVED MY LIFE"

PRAISE FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

Dear Mrs. Pinkham:—

"I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, my monthly periods started; I am regular and in perfect health. Had it not been for you I would be in my grave to-day.

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

AFTER INCENDIARIES.

Town of Micanopy Wants to Pay for Conviction of Fire Criminals.

The town council is after the fellows who were so mean and low as to rob and set fire to the store of S. H. Benjamin at Micanopy on the early morning of the Fourth of July, and have offered a reward of $100 for the apprehension and conviction of the guilty parties.

The people of Micanopy are a loyal set, and do not believe in anything that is not fair, even in competition. They are desirous of protecting their interests against the invasion of firebugs and burglars, and are willing to spend their money for the purpose of bringing this thing to a stop.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure for headache, dizziness and constipation. 25c at all druggists.

Goods Were Returned.

After all, it appears to have been an honest "burglar" who entered the office of the Western Union a few nights ago and took therefrom a number of small articles, as the articles were found laying at the foot of the office at the opening hour Thursday morning. All the articles were there with the exception of a small electric motor and the chances are that the person having it will return it when they will have finished playing.

The "burglar," as was suggested by The Sun at the time, must have been very youthful, as there was nothing taken of any special value to anyone but a youth, and then, it might be said, as a plaything.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Brannan-Whiting.

Married, at the home of the bride's parents Thursday afternoon at 4 o'clock, Rev. S. B. Rogers officiating, Chas L. Brannan of Tampa and Miss Mattie Whiting. The groom is one of the leading young men of Tampa, while the bride is the accomplished daughter of Mr. and Mrs. C. E. Whiting. The Sun, with other friends, extends congratulations.

The Boss Worm Medicine.

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

Hunting Muskrats at Night.

There are three ways by which muskrats are captured—by shooting, by trapping and by spearing. A few may be secured at night by creeping as noiselessly as possible along the creek edges and watching for them to crawl up on the bank to feed. In this they are very dainty. Having secured a favorite root, they approach cautiously the water's edge and dip it in and rub off the mud, dip it in again and again until it is perfectly clean and suited to their taste, when it is eaten with evident relish, provided the sportsman is sufficiently interested in the process to wait. A boat, however, is usually used, as the rats can be more easily and quietly approached on the water. In this case two persons occupy the same boat, the sportsman requiring a pusher. As this sport can only be engaged in at night, the sky must be comparatively clear in order that the hunter may have the advantage of the moonlight, or, better still, bright starlight. A headlight, with reflector, is, however, sometimes used on the bow of the boat, and this arrangement is frequently quite successful during the darker nights to one sufficiently well acquainted with the hunting grounds.—Baltimore Sun.

The Monkey's Role.

A monkey is not fortunately a common gift, but one was brought, nevertheless, to a New York young woman by a friend returning from a voyage in the tropics. From the moment of his entrance into the house the monkey showed that he would be a strenuous pet to look after, and for the next hour the family was kept busy trying to repair the damage he did. The monkey made his way to the kitchen and in the temporary absence of the cook snatched part of a chicken which lay on the table. Coming in presently, the cook missed the chicken and looked about in surprise to see what had become of it. Suddenly she gave a wild shriek of terror, and, rushing upstairs, she burst into the family sitting room, crying:

"Oh, ma'am, the old boy himself is downstairs, sittin' on the washtubs, pickin' the chicken!"—New York Tribune.

The Old National Road.

When the panic of 1837 swept over the country the national road was barely halfway through Illinois. No work was done on it after 1841. Two years before, however, a line of stages and post routes had been started from Cumberland, in Maryland, to Terre Haute, in Indiana, from which latter place there was a triweekly service for passengers and mail to Springfield, Ill. This marked the first overland travel from east to west. Passengers and mail bags were jolted along in cumbersome coaches, each with four strong horses. On account of the high rates travel was confined mainly to merchants and lawyers. The passenger, with an allowance of fifty pounds of baggage, paid at the rate of 10 cents a mile. It is noted that Clay and Lincoln were among the frequent passengers.—Philadelphia Ledger.

Forced to Starve.

B. F. Leek of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At all drug stores; only 25c.

Refused.

He—I am sure we could get along on your income. I am not a man of expensive tastes. She—Any one who wants to marry me is a man of very expensive tastes.

Ayer's Sarsaparilla. Mends shattered nerves. Gives a healthy red to pale cheeks. Puts good flesh on thin children. Takes off pimples, rashes. Ask your doctor to tell you about it. J. C. Ayer Co.

The question of Title the first consideration for the investor.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Sweet potatoes are being planted in large quantities at Como.

The crop prospects about Chipley are reported to be very favorable.

Prof. J. F. Futch will close his singing school at Raiford on Saturday.

A new Catholic church is to be built at Jacksonville, to cost upwards of $75,000.

An addition to the Miami school building, to cost upwards of $2,000, will be erected.

An effort is being made to change the county seat of Washington to Chipley or Vernon.

The orange crop in the vicinity of Mt. Dora will be much larger than was anticipated.

Dade county will not make any exhibit as a county at the Mid-Winter Fair at Tampa.

Frank Brown, an escaped prisoner from Tampa, was captured at Key West and returned.

Brevard county people are talking of using a little printer's ink to advertise the resources. Push it along.

The Lake City postoffice has been advanced to second class and the people are now entitled to free mail delivery.

Tom Bailey, the Ocala negro shot on Monday night while engaged in gambling, may not recover. The other negro escaped.

The people of St. Augustine are well satisfied to learn that the institution for the deaf, dumb and blind is to remain in that city.

The construction of a rock road from Miami to Jacksonville will no doubt be the next enterprising move of the East Coast hustlers.

The Raiford public schools have an enrollment of sixty pupils, with Prof. A. A. Jones as principal and Miss Maggie Clyatt as assistant.

Two immigration agents from Chicago have been looking over the land in Dade county, south of Miami. They were well pleased with the location.

The East Coast Lumber and Supply Company contemplates establishing a novelty works at Orange City and will transfer a part of the Eau Gallie plant to that place.

The bank building at Jasper has recently been completed. The building is a fine one and the bank will have handsome rooms. Hon. Frank Adams is president of the bank.

While a Pensacola family was absent from home enjoying their summer cottage, a burglar entered the residence, took a bath and an outfit of the owner's garments, besides $500 worth of plunder. He was not out for his health alone.

The famous Nocatee grove at Arcadia, the property of Col. T. J. Watkins, has been sold to E. A. Thomas of that place for $100,000. It has 110 acres in grape-fruit and oranges. Col. Thomas is now the most extensive orange grower in the State.

A visitor in the city Wednesday, who had just arrived from points in Ohio and Pennsylvania, was heard to express surprise that St. Augustine people enjoy such beautiful summer weather. He said it was much cooler and far more delightful here than in the towns and cities in the North, where he had been sojourning.—St. Augustine Record.

The "Miami Kids" Ball Club is to make a tour of the State. They intend to first take the Titusville club into camp if games can be arranged, and then move on up the State, going to Daytona, St. Augustine and Jacksonville, where they will play the best amateur teams. From Jacksonville the club will probably go to Fernandina and then progress down the West Coast, taking in Gainesville, Ocala and Tampa.—Miami Metropolis.

NEWS TERSELY TOLD.

The Princess of Wales was safely delivered of a son this morning.

The Glenn building, one of the smaller office buildings of Baltimore, collapsed today, killing two persons and injuring one.

Five deaths from heat prostrations were reported in New Yodk city during the forenoon, three of them children less than a year old.

Dr. William A.Moale, a prominent and widely known citizen of Baltimore and owner of the Hotel Stafford, died today after a brief illness.

The proposal to make Prince Charles of Denmark, king of Norway, is supported by those having the power of deciding and also would be enthusiastically received by the majority of the Norwegian people.

Governor Magoon, of the canal zone, today cabled that Alfred W. Provo, an American canal employe, was stricken with yellow fever at Corosal on July 4, and Emiliano Rodriguez, a Colombian, at Panama, July 7.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

Americans Arrested in England.

London, July 13.—J. S. and H. C. Phipps, sons of Henry Phipps, of Pittsburg, who were recently charged before a sheriff with the reckless discharge of firearms on the Beaufort estate (in the Highlands of Scotland, leased by Mr. Phipps from Lord Lovat) by which they wounded three persons, were committed for trial today. The defendants were liberated in $2,500 bail each. The Phipps boys discharged shotguns at three men whom they believed to be poachers. One of the men was struck in the face and lost the sight of an eye.

Highwaymen Kill Railroader.

Winfield, Kans., July 13—Two highwaymen, who early today at Cedarvale, shot and killed J. C. Calhoun, of Kansas City, a special agent of the Atchison, Topeka and Santa Fe railroad, were surrounded by a posse at Hewins, near Oklahoma state line, and shot and killed.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1201: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1. Sold by W. M. Johnson.

Attention, Voters.

We wish to inform the patrons of The Sun that no votes are allowed in the Library contest on money paid for advertising in The Sun. Only those who pay the sum of $1.25 or over on subscriptions to The Daily Sun or those who pay cash for job printing will be allowed to vote.

Those who pay $1.25 will be allowed 75 votes for the organization of their choice; $2.50 entitling them to 300 votes, and $5 will entitle them to

GERMANY WILL BUILD PORTS.

Concessions Granted by Morocco To Kaiser's Government.

New York, July 12.—M. Jean Hess, the well known traveler and author of an important work on Morocco, who is credited with great personal influence over the sultan is quoted as authority for the statement that the Germany government has passed an agreement with the sultan for the construction of two ports on the Mediterranean coast which will directly menace Gibraltar, says a Paris Dispatch to the Times.

The international conference, M. Hess, declares, will be by arrangement between the sultan and Germany, be brief and amount to nothing more than a confirmation of the sultan's political and commercial independence and the integrity of his empire.

As soon as this result is achieved the sultan in the exercise of his independence, will grant to a German company, subsidized by the German state, a concession for the construction of the two ports in question and the powers wil then be unable to offer any opposition being bound by acquiescence in the decisions of the conference. M. Hess thinks, however, that the fear of provoking a European war which inevitably would result in the conquest and partition of his own empire, may in the end prevent the sultan from striking this dangerous bargain with Germany.

Indigestion,

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

Lost the Prize.

James Crossley, a noted English bibliomaniac, hied him one memorable day to a bookstall in Shudehill market and, spying a little volume, took it up and glanced carelessly through it. After awhile he asked its price from an old woman and was told it was two and sixpence. "I'll give you sixpence for it," said Crossley. "Nay," replied the poor old dame; "it cost me 2 shillings." Whereupon our book devourer threw it down in disgust and retired. A gentleman, overhearing the altercation, stepped forward and purchased it at the sum demanded. Crossley returned soon after and, noticing the book had gone, anxiously inquired what had become of it. "Sold," answered the woman, "for what you refused to give." "Tell me who bought it, and I'll give him 10 shillings for it!" said Crossley eagerly. The moral is self evident.

A Ray of Light.

The straightest thing in nature or art is a ray of light when passing through a medium of uniform density. Hence the eye is enabled to test the straightness of an edge or tube by holding it as nearly as possible coincident with a ray of light, such parts as depart from straightness then intercepting a ray and causing a shade to be cast upon other parts. It is not known at what early period in the history of mankind the discovery was made that straightness could be thus determined. It is certain that thousands of mechanics use the method daily without being able to give a rational explanation of it.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

From New York, Washington, etc.—No. 33, "Washington and Florida Express," 2:30 p. m.

From Cincinnati, Asheville, etc.—No. 19, "Washington and Florida Limited," [illegible] p. m.

The DAILY Sun

Entered at the Post Office at Gainesville, Fla., as second-class mail matter.

H. H. McCREARY, Editor and Publisher.
W. W. ASHLEY, Associate Editor.

JESSE E. BURTZ, City Editor.

LOUIS J. BRUMBY, Gen'l Traveling Agent.

F. M. PREWITT, Supt. Composing Rooms.

OFFICE: PORTER BLOCK.
[illegible] W. Main Street, S. TELEPHONE 43-2

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

The proof that Arizona is ready for statehood must be shown by the ballot satisfactory to the G. O. P.

The magnanimity of some people is truly touching. They will refuse an office rather than confess the past.

The Republicans of New York will learn from the mayor that every tub must stand on its own bottom, and that Mayor McClellan is not a green tub.

The Sun would be in favor of promoting "Major" Thomas to "General," if only by brevet, which he deserves for gallant action and meritorious services."

The statement of the young man at Canton, Ohio, that the New York and Chicago limited train was wrecked for robbery, looks rather flimsy. It is more likely the work of fiends.

The only trouble with fast trains is in leaving the well-ballasted main track. It is the same in all business. If you can keep on the solid main track, you are all right. It is the open switches that play the mischief.

Walter Taylor, the man who assaulted Congressman Lamar three years ago, and was sentenced to five years in the penitentiary, has been refused a pardon by the State board, and will do his time. Pardons are not so easy to get at present.

The Florida Mid-Winter State Fair at Tampa is making great preparations to entertain the editors of this and adjoining States some time during the session. It goes without saying that there will be a big time and a big crowd. The date of the event will be announced in ample time.

The boll weevil is doing much damage to cotton in Louisiana and Texas, and in Tennessee and Northern Mississippi many fields have been abandoned to grass, as the continued rains have interfered with cultivation. The Carolinas and Florida are the only States that are not reported with too much growth, according to the weekly bulletin.

We arise to remark to The Pensacola Journal that The Sun is not pessimistic with regard to the discovery of oil in Florida. The expert employed by the Pearson company says that there are strong indications of oil here and he should know something about it. We hope he does know it, and also hope the company will make barrels of money out of the operation. The only idea we wish to express is that experts come high.

There is no apparent let-up in the building industry in Gainesville and many new residences and business houses are advancing toward completion as rapidly as possible, owing to the shortage in material. This has been the only drawbacks so far this season, and several people are waiting anxiously to build new homes as soon as material can be secured. Real estate will advance some owing to the location of the University in this city, and there are many good building lots left at reasonable prices in good location.

RECORD SPEED.

Our railroads of the South are equal to any in the country for speed in emergencies, and only a few days ago the Seaboard Air Line sent a special from Jacksonville to Columbia, S. C., in record-breaking time. The regular train at Columbia had to be caught to allow E. E. West to reach Asheville via the Southern, where his son was reported to be dangerously ill.

The best the company could do was to send a special. Engine No. 604 and a passenger coach were soon in readiness, with Engineer Tom North at the throttle and Conductor D. P. Parker in charge, and soon the train was on its way to make 280 miles. It left at 12:05 and in a short time was smashing the record for long runs in this part of the United States, for in just five hours and forty-five minutes from the time it left Jacksonville it reached Columbia, allowing Mr. West time to change cars and catch the Southern for Asheville, when he found his son much better.

In some places it made a speed of a mile in less than a minute going in one place 51 miles in 47 minutes, including a stop of four minutes for water. The Seaboard is unquestionably fast coming to the front as one of the leading roads of the country.

FROM THE STATE PRESS.

Hurrah for Gainesville. She will continue the East Florida Seminary another year, until the new University has buildings to move into, by private subscription. It is the "grit that gits."—Ocala Evening Star.

Although it is a physical impossibility to please everyone, it is the general sentiment over the State that the two boards did only what they thought was for the very best interest of the State of Florida in locating the colleges. Now, that it has been decided, we should do all in our power to help carry this important movement to a most successful end.—Tallahassee Capital.

The Lake City Citizen-Reporter says that it will be hard for certain members of the Board of Control to explain to the taxpayers of Florida why they voted for Gainesville for the State University. How does it come that these gentlemen will be called upon to explain their acts? They were discharging merely a public duty—one imposed upon them by law. Lake City has no right to demand an explanation from them.—Tampa Daily Herald.

Gainesville gets the University of Florida by a vote of six to four. We congratulate the joint Board of Control, the city of Gainesville and the people of Florida upon this decision. It was a wise one, which the coming years will confirm. Gainesville made a good fight and deserves the honors heaped upon her, and certainly we rejoice with her in her good fortune, which is the good fortune of the State also. Gainesville's enterprising business men usually get whatever they go after. 'Rah for Gainesville and the University of Florida.—Levy Times-Democrat.

The colored people of Atlantic City, N. J., are contemplating trouble because the managers of that famous resort will not rent them bathing suits and allow them to go in bathing with the white people. We have always maintained that the Northern people did not understand the problem regarding the negroes. In the South, where they have been known for many years and the people have a keen sense of their needs and are willing to help them along in nearly every needful manner, above all things else they are never denied the privilege of bathing at any and all times. In fact, they are encouraged in this healthy recreation.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. CHENEY & Co., Props., Toledo, Ohio.

Sold by druggists, price 75c.
Take Hall's Family Pills for constipation.

Evolution of the Canary.

The evolution of the canary of today from its ancestor—or should it be ancestors?—of some centuries ago is as wonderful as the bringing of our present queen of the garden from its humble progenitor, the wild rose of our hedgerows. There surely could hardly be a contrast more striking, says a writer in Cage Birds, than that 'twixt the modern crested canary, with its wonderful head feather, or the giant Lancashire and the greenish yellow little creatures who fluttered and sang in the orange groves of the sunny islands whence they take their name. The writer sees no reason why canaries may not become the size of the song thrush.

Stamps on Mailed Letters.

A stamp collector received a letter from a friend in foreign parts and was annoyed to find that the postage stamp had been removed, evidently while in transit. A complaint to the postoffice brought the reply that the matter could not be gone into, as the stamp, once affixed to the letter as payment for postage, was the property of the postmaster general, and neither the sender of the letter nor the addressee had further claim to it.—Kansas City Independent.

The Bargain Installment.

Mrs. Suburbs—The conductor was awfully nice coming out on the train. He gave me a double seat. Husband—But you couldn't sit on two seats. Mrs. Suburbs—No, but I was more satisfied anyway. It seemed as if I was getting more for my money.—Detroit Free Press.

The Effect of Discipline.

"Just see how the chickens mind the old hen, Bobby," said Mrs. Norris to her son. "Watch them run to her when she calls them."

"I suppose she sat on them when they were little," remarked the infant phenomenon reflectively.

How Invalids Are Recruited.

It is a waste of energy to overeat. But how many persons are tempted to gratify the palate long after the demands of hunger have been satisfied? It is from this class that a large percentage of invalids is recruited.

Economical.

Mrs. Sweet—Do you find it economical to do your own cooking? Mrs. Burnem—Oh, yes; my husband doesn't eat half as much as he did when we had a cook.

INSOMNIA

"I have been using Cascarets for Insomnia, with which I have been afflicted for over twenty years, and I can say that Cascarets have given me more relief than any other remedy I have ever tried. I shall certainly recommend them to my friends as being all they are represented." Thos. Gillard, Elgin, Ill.

THE SWELLING TOAD.

Curious Points About This Oddity Among Animals.

The wonder of the genus batrachia and the greatest natural history oddity to be found along the Atlantic coast of the United States is the swelling toad, a semiaquatic creature known to naturalists as bufomachalatus. It is occasionally met with from New York city to Jacksonville, Fla., but is most common along the coasts of Virginia, Maryland and North Carolina. When in its natural state the "swell toad" is about the size of a large bullfrog, but looks more like a fish than it does like either a frog or a toad. It is about six inches in length and has the curious faculty of being able to swell to the size of a football, in which state its legs, tail and head are scarcely visible.

Irritation appears to be the chief factor in causing these curious creatures to inhale air until they swell almost to bursting. The bellies of both the males and females are nearly pure white and are covered with spines which give that portion of their anatomy the appearance of a well ripened jimson bur. Persons who understand the "swell toad" and know what an irritable little rascal it is catch it and rub the spines on its belly, when it swells up until it is utterly helpless. Another curious point about the creature is that as long as it is kept on its back it is unable to expel the air so as to reduce the swelling.

HUMAN QUALITIES.

According to This Writer, Women Are More Civilized Than Men.

Haveloch Ellis in his study of "the most interesting beings in the world"—namely, men and women—formulates the conclusions that there is hardly an organ of the body or quality of any kind that is not unlike in the sexes. A man is a man even to his thumbs, and a woman is a woman down to her little toes. Let man, with his vaunted superiority in everything, cultivate a deeper feeling of his real standing in view of Mr. Ellis' statement that women "are unquestionably superior in general tactile sensibility and probably superior in the discrimination of tastes," with (to be perfectly impartial) no advantage either way in the other senses, but they have better memories, read more rapidly, bear pain better, recover better from wounds and serious illnesses, are less changed by old age, live longer and have relatively larger brains, especially in the frontal regions. Women, to put it in a few words, are more civilized than men. On the other hand, Mr. Ellis finds men are slower in mind, with greater strength of body (they are two, three and four times as strong as women), quicker in movement, with much greater lung capacity, more blood corpuscles and exhale twice as much carbon dioxide, but these last qualities are rather drawbacks than otherwise, since men are less able to endure confinement and bad air.

Dartmouth University.

In a copy of the Portland Gazette published in 1817 there is an allusion to "Dartmouth university." Dartmouth college was founded by a charter granted before the Revolution, and the state of New Hampshire sought to take away the charter rights and use the property as a part of the new university, which was chartered by the legislature. The point was raised that the legislature had no right to do this, and it was so decided by the United State supreme court after a memorable exposition of the case by Daniel Webster. The Gazette pokes fun at the university, which, it states, "has one student," who "may serve as a meat egg."

A Singular Betrothal.

The way the Singalese and Tartar tribes have of popping the question is singular. The man sends and purchases the lady's wearing apparel. Of course if she does not like the gentleman she need not part with the contents of her wardrobe, but if he is the favored one she readily does so, knowing that when the evening comes they will be returned to her by the suitor in person. He spends the night beneath the same roof with her, and the next day, after a certain amount of feasting is gone through, the couple's thumbs are tied together, and thenceforward they are man and wife.

Chinese Deities.

The Chinaman has a deity who opens the eyes of his worshipers in the morning and another who closes them at night. He has gods of rising, standing, walking, running, crawling, swimming; gods of spitting, chewing, swallowing, sneezing, coughing, choking. There are gods who preside at the birth of a Chinese baby and gods who honor the occasion when a Chinaman dies, or, in his own idiom, "sticks up his pigtail."

A Dog's Life.

"I pity the poor sailor," said the sentimental boarder. "His is a dog's life."

"Yes," rejoined the cheerful idiot, "he goes from one bark to another, as it were."—Columbus Dispatch.

DID YOU EVER WONDER—

Why a baby carriage isn't known as a crycycle?

Why it is so much easier to be wrong than it is to be president?

Why some people manage to talk a great deal without saying anything?

Why so many of our coming men seem to be handicapped from the start?

Why the company that issues the map has the only curveless railroad thereon?

Why the average man invariably makes a fool of himself every time he tries to act up?

Why men are nearly always embarrassed when they propose—either financially or otherwise?

Why so many men who are anxious to work when sick are just as anxious to avoid it when well?

Why some men are not as black as they are painted and some are not as white as they are whitewashed?—Cincinnati Enquirer.

Plain Clothes Men.

In a small South American state which had recently undergone a change of administration the new potentate summoned an artist and ordered new designs for all the official uniforms.

"I wish showy costumes—very showy," he said, "for the people are impressed by them. I have here some sketches that I myself have made. Look them over and be guided by these ideas as far as possible."

The artist examined the sketches carefully.

"This," he said, turning the pages, "is evidently for the navy and this for the army, but, if you please, what is this—a long plume on a three cornered hat, yellow dress coat trimmed with purple, and"—

"That," replied the chief of state gravely, "is for the secret police."

Be Kind Today.

Less spent on the dead and more spent on the living would bring about many happy results. Hearts are breaking, loved ones wait and tears flow all because of the withholding of kind words unspoken and letters never sent. The aged father and mother far off in the country would often be cheered did the son or daughter more frequently send them a letter. Behold the sad mistakes of others, their remorse, and profit by the same before it is too late. Today, now, speak the loving word, send the tender message, write the letter you put off day by day, and don't wait until you forget it or until bitter memories haunt you.

A Brazilian Household Pet.

Brazilians train a snake called the giboia as a rat catcher. It is fifteen feet long, is harmless to the human being, becomes quite a household pet, is lazy in the daytime, but at night roams about the house in quest of its prey—rats. These animals it promptly kills by twisting their necks. When Brazilians have to pass from room to room in the dark they first put on their slippers. It would not be pleasant to plant one's bare feet on a cold slimy snake of that size.

Cutting Off the Nose.

In some parts of the world, especially Italy and India, it has been customary to employ removal of the nose as a form of punishment, sometimes judicial, but chiefly as a mode of carrying out private revenge. Especially in some districts of India is it considered a suitable form of punishment for a husband to inflict on a wife whose conduct he does not approve. Among the Romans this penalty was not at all rarely inflicted both by the law and by private animosity.

Indian Twins.

Indian twins are a great curiosity, for it is said that Indians never permit twins to live. Twins, in their belief, are heralds of impending evil, for a great many years ago the abduction of beautiful twin daughters by members of a distant tribe was the cause of war and great loss of life. Hence, probably, originated the practice of killing Indian twins as soon as they are born.

Did His Best.

She—After six weeks of married life, Arthur, I have reached the sad certainty that you do not love me. Arthur—My dear! She—It's no use protesting. You should have married some credulous, stupid girl! Arthur—Well, darling, I did my very best.

Just a Loan.

"Don't beg; the world owes you a living," said the prosperous citizen to the mendicant. But he was staggered by the reply:

"All right, sir; lend me a trifle till it pays up."—New York Herald.

His Anxious Query.

Young Wife—I don't like that cooking school teacher at all. She has neither patience nor consideration. She's actually cruel! Husband—Great snakes! She doesn't really make you eat the things, does she?

True goodness is like the glowworm in this, that it shines most when no eyes except heaven are upon it.—Hare.

How He Told Counterfeits.

"We have a man in this office," remarked one of the officials of the treasury department the other day, "who is without a peer anywhere in the country when it comes to spotting a counterfeit coin. His faculty for telling the spurious product has been developed to a remarkable degree. He gave an illustration of his skill the other day. On that table in the corner there were piled up a couple hundred half dollars. Apparently they were all sound and genuine specimens from the government mint. Our expert walked into the room, and, giving one glance at the pile of halves twenty-five feet distant, he quietly remarked:

"'There's a counterfeit in that stack.'

"He then stepped up to the table and pulled a coin from out of the middle of the pile. It was tested and found to be spurious. I asked the man to tell how he discovered the counterfeit.

"'By the reflection of the light,' he replied. 'The rays cast from that coin were wholly different from those sent out by the other pieces. That coin stood out as distinctly from the rest as a blood red poppy in a field of white flowers.'"—Washington Cor. Brooklyn Eagle.

Impromptu Surgery.

In one of the most fashionable restaurants in Paris a man's life was saved through the skill and quickness of one of the guests. It appears that a man, with three friends, was dining at one of the small tables when a piece of meat lodged in his throat and he found it impossible to get rid of it. His friends in alarm slapped him on the back, but the unfortunate man became black in the face and fell to the floor. A surgeon from the German hospital, who happened to be dining in the cafe, pushed his way through the crowd. He saw at once that the man was dying and that if prompt measures were not taken he would quickly succumb. He ordered one of the waiters to bring him a small funnel such as is used in bottling wine and then, without a moment's hesitation, took out a sharp knife, cut the man's throat, removed the piece of meat and—the waiter having returned—quickly inserted the funnel in the opening. The man was then hastily conveyed to the hospital, where a silver tube was inserted in the place of the funnel, and a few hours later he was pronounced out of danger.

GAINESVILLE'S FAVORITE

RESORT.

Alachua Pool Parlors.

C. Bures, Proprietor.

Located in the Porter Block, south side square. Three first-class tables. Good lights, and prompt and courteous service. The public is cordially invited and always welcome.

ALACHUA COUNTY....

Alachua county is 806,400 acres in area, has 248 miles railroad, 900 miles wagon road, 56 postoffices, 123 public schools, 27 phosphate plants, 20 saw mills, $75,000 court house, five newspapers, and produces corn, cotton, rice, sugar, oats, rye, potatoes, pineapples, oranges, peaches, pears, plums, pecans, and all kinds of vegetables.

Gainesville, the County Seat....

Has fourteen churches, two public schools, the East Florida Seminary, private schools, three newspapers, United States land office, the best water, fire alarm system, electric and gas lights, two ice factories, machine shops, three wood factories, cotton gin, two moss factories, three railroads, two fertilizer manufacturing companies, one fiber manufactory, one rectifying turpentine plant, two banks, and well stocked stores embracing every line in the commercial line.

IMPORTANT BILLS INTRODUCED.

Georgia Legislature Hard at Work. Committee on New Counties.

Atlanta, July 13.—During the short session of the house Tuesday several interesting bills were introduced by various members. Outside of the passage of a few privileged resolutions, this was practically the only business, before the house.

Speaker Slaton did not appoint his committee on new counties, but he had the matter under careful consideration during the day and will probably announce it today or tomorrow.

Among the interesting bills introduced was one by Mr. Wright, of Floyd, the object of which is to make dry counties dry in fact. He proposes to make it a misdemeanor for any person as agent for another to sell liquors of any kind in counties where prohibition prevails. His bill also makes it a misdemeanor for anyone to carry or to send intoxicating liquors into a dry county, except for personal or family use. This measure has been drawn to meet the defect in the law which permits outside parties to ship liquors and to sell them in dry counties, thereby defeating, in part at least, the objects of prohibition.

In the Senate.

President West announced Tuesday the important and evidently eagerly looked for, committee on new counties and county lines, and imediately following the reading of the names by the clerk a number of those interested in the matter of new counties were eagerly seeking for a list of these senators.

This committee, which will doubtless be one of the busiest of the standing committees of the senate, is composed of the following: Crawford Wheatley, of the thirteenth district, chairman; W. C. Bunn, of the thirty-eighth; C. N. King, of the forty-third; E. A. Copeland, of the nineteenth; J. R. Hogan of the twenty-ninth;; D. P. Rose, of the fourth, and S. B. Bennett, of the seventh.

MAN'S DEATH IS A MYSTERY.

Found Dying In Wife's Arms With a Pistol Lying Near.

Swainsboro, Ga., July 13—Henry Covens, a young man living about 18 miles above here, met his death in a mysterious way.

A pistol shot, accompanied by severe screams, attracted the attention of neighbors who, on their arrival, found Covena dead, a bullet having passed through his brain. It was his wife who was screaming and holding Covena's head in her arms.

Her account of the affair is that Covena shot himself and that she ran from the house and raised his head from the sandy road and asked him if he was hurt and he said he was. A pistol was found about 15 yards away, and she says that she took the pistol from him and threw it away.

The neighbors say that the tracks show that Covena and a woman were walking side by side. Mrs. Covena is known to carry a pistol.

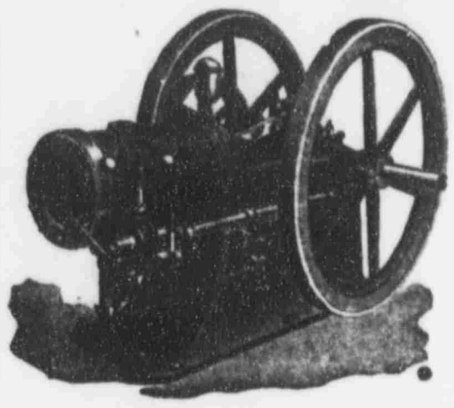
Covena had been married only a few months.

Negro Killed on Way to Pen.

Jackson, July 13.—Dave Collins, a negro who was convicted of attempted criminal assault on Miss Hogg, at a special term of the Copian county court was sentenced to ten years in the penitentiary, was killed by Mr. Dickey, a brother-in-law of Miss Hogg, on his way to prison. The killing occurred at Crystal Springs. Mr. Dickey boarded the train at Hazlehurst, and when it stopped at Crystal Springs he walked calmly into the coach where Deputy Sargeant Dodds was sitting with the prisoner, and drawing his pistol fired three shots into the negro's body. Death was instantaneous. Mr. Dickey surrendered, expressing satisfaction with what he had done. He considered the negro deserved death for his attempted assault.

China Wants To Be Consulted.

London, July 13.—The Chinese government recently notified the Russian, German and also the other legations in China would refuse to recognize any arrangements made at the approaching peace conference in the United States regarding Chinese interests, unless China was consulted in the matter. The Japanese replied politely, plainly intimating that the notification received from China would in no wise affect the plan of action adopted by Japan. No reply has yet been received from Russia.



Kerosene Engine.

Absolutely the safest and most economical power now on the market. All sizes—1½ to 20 horse power. Write for prices.

This engine is not a "Jack at all trades" with dynamos or batteries and sundry triggers to keep you "puzzled," but it IS a "Cracker Jack" to do your work, and no mistake. Sold under full guarantee or your money back. Simplicity itself.

GEO. W. MOYERS,
Gainesville, - - - Florida

Huntington Buys Another Railroad.

San Francisco, July 13.—A dispatch to the Call from Los Angeles, says that official announcement has been made that through the consummation of a deal just terminated H. T. Huntington has purchased entire all the holdings and interests of the Los Angeles and Redondo Railway company. The property comes into the hands of Huntington through his purchase of every share of the capital stock of $1,000,000 and the assumption of the bonded indebtedness of $500,000.

Venezuela Makes Settlement.

Caracas, July 13.—The Venezuelan congress has accepted the contract signed June 7 in London by the representatives of Venezuela and of the disconto-Gesellschaft, representing the German bondholders and the counsel of foreign bondholders representing the British bondholders for the settlement of the outstanding obligations of Venezuela. The contract provides for the issue of 3 per cent bonds to the amount of $132,049,925 bolivars, gold, redeemable within 47 years.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Inventor of Gold Pens Dead.

New York, July 13.—John T. Faster, one of the most famous inventors in the United States, under whose direction the first gold pens were manufactured in New York city, and who was associated with Walter Hunt, the man said to have devised the first model of the sewing machine, is dead at Arlington, N. J. He was 85 years of age.

Passengers Held at Quarantine.

New York, July 13.—Twenty-five passengers of the steamer Allianca, which arrived last night from Colon, today were transferred to Hoffman island for observation. The examining physicians found that all these passengers had temperatures above the normal, and it was decided to detain them owing to the prevalence of yellow fever on the isthmus.

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for throat and lung troubles. At all drug stores; price 50c and $1, guaranteed. Trial bottle free.

Low Rates to White Springs.

Spend a while at White Springs, the leading health resort of the State. On the far-famed Suwannee river. The Gainesville and Gulf offers the following low round-trip rates from Gainesville: Sunday only, $1; ticket good going Sunday and returning Monday.

CATHERINE THE GREAT.

An Odd Woman Was This Empress of the Russians.

A recent writer says of Catherine the Great, empress of Russia from the year 17[illegible] to 1796:

"She rose at 6 and lit her own fire. Her table was ideally simple. From the reproach of overeating and overdrinking she was free. Though she could not sing a note, she and Prince Dashkoff, who could sing no better, occasionally performed in a concert. A sudden burst of the most exalted and ridiculous discordant tones was the consequence, one seconding the other, with scientific shrugs and all the solemn, self complacent airs and grimaces of musicians. From this perhaps she passed to a cat concert and imitated the purring of a cat in the most droll and hilarous manner, always taking care to add appropriate, half comic, half sentimental words, which she invented for the occasion, or else, spitting like a cat in a passion, with her back up, she suddenly boxed the first person in her way, making up her hand into a paw and mewing outrageously."

When playing whist one night Catherine could not get her page to answer the bell. "After she had rung twice, again without effect, she left the room, looking daggers, and did not reappear for a considerable time. The company supposed that the unfortunate page was destined to Siberia or at least the knout. As a matter of fact, Catherine on entering the antechamber found the page, like his betters, busy at whist.

"When the bell rang he happened to have so interesting a hand that he could not make up his mind to quit it. Now, what did the empress do? She dispatched the page on her errand and then quietly sat down to hold his cards until he should return."

Summer Tourist Rates Via Atlantic Coast Line.

If you contemplate visiting summer resorts see ticket agents Atlantic Coast Line and get all information with reference to rates, routes, schedules and Pullman service. Summer tourist rates are now in effect to all the principal resorts throughout the country with return limit October 1st. Rates have been announced to all springs, mountain and seashore resorts. For the first time round-trip tickets are now on sale to resorts in New England territory.

AN ORDINANCE.

An Ordinance to be Entitled "An Ordinance to Provide for An Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City."

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GAINESVILLE, FLORIDA

Section 1—The Mayor is hereby directed to issue his proclamation calling a special election to be held on the 8th day of August, 1905, to decide whether or not the issuance of the bonds provided for by this Ordinance shall be, at that time, approved by the registered voters of said city at such election.

Section 2—The Mayor and City Council of the City of Gainesville, in their corporate capacity, shall issue bonds of said city in denominations of One Thousand Dollars, and for the total amount to-wit: Fifty Thousand Dollars, and to become due and payable as follows, to-wit: Twenty Thousand Dollars in 10 years from date of issue, and Fifteen Thousand Dollars each succeeding 10 years thereafter until the full amount thereof shall have been paid, in regular numerical order. Said bonds to bear interest at the rate of five per cent per annum, payable semi-annually, and the interest and principal of said bonds shall be payable at the bank of H. F. Dutton & Company in said city; and such bonds shall have engraved interest coupons attached thereto, payable at the end of periods of six months from the date of the bond; said bonds shall be engraved under the direction of the Mayor and City Council of said city, and shall be executed by the Mayor and President of the City Council, and shall bear the corporate seal of said city. Said bonds shall be sold at not less than par and delivered in amounts as the proceeds are needed to pay for the purposes hereinafter provided for.

Section 3—The purpose to which the proceeds of the bonds provided for in the preceding section are to be applied are the following, viz: To acquire, build or purchase a building or buildings for school purposes or otherwise secure educational advantages and facilities in or adjacent to said city.

Section 4—That this Ordinance shall be published in full in a newspaper published in said city for thirty days after its passage and approval, and along with the publication of this Ordinance there shall be published therewith, at the same time, in the same newspaper and for a period of thirty days, the Mayor's proclamation calling the special election provided for in section one of this Ordinance.

Section 5—The ballots to be used at said election shall have printed thereon the words, "For Educational Bonds," and, "Against Educational Bonds." Such election shall be called and held and the returns thereof shall be canvassed as other city elections are usually called, held and the returns thereof canvassed. If the majority of the votes cast at said election shall be "For Educational Bonds," then such bonds shall be issued in compliance with the terms and provisions of this Ordinance; if the majority of the votes cast at such election shall be "Against Educational Bonds," then no such bonds shall be issued.

Passed City Council July 3, 1905.
G. R. BROOME,
President City Council.
Approved by me this 3rd July, 1905.
W. R. THOMAS, Mayor.

Notice of Election.

Under and by virtue of the power and authority vested in me, I, W. R. Thomas, as Mayor of the City of Gainesville, Florida, do hereby call a special election to be held in said City of Gainesville, on the 8th day of August, A. D. 1905, for the purpose of deciding whether or not the issuance of the bonds provided for by the Ordinance published herewith shall be at that time approved by the registered voters of said city at such election.

The polling place for said election shall be in the rear of the Municipal Building on East Main and Masonic streets.

The polls shall open at 8 o'clock a. m. and close at sundown of said day.

W. L. Hill, W. S. McDowell and D. A. Bottoms are hereby appointed managers, and F. F. Miller clerk, of said election.

Lace Curtains

Pretty patterns and fine values. Our $2.50 Lace Curtains are pretty enough. Then we have one at $3.25 a pair that are good enough for a Queen.

Shoes Shoes

Try a pair of our Dixie Girl Shoes for women—a fine medium priced shoe made by Southern girls—the prettiest shoe on the market for the price. Every pair solid and guaranteed. Our Shoe Department is full of good things at very low prices. Remember us when you need the next pair.

Yours Anxious to Please,
PHIFER BROS.,
Fallen' Corner, Gainesville, Fla.

The young people of North Gainesville, always bent on having a good time, participated in a pillau at the Campbell grove last night. There were a number present, and it is needless to add that those who attended enjoyed the function hugely.

Remember the Gainesville & Gulf has round trip rates to White Springs on Sundays at only $1. Train leaves Gainesville at 6:30 a. m., returning at 9:30 p. m., and affording a whole day at this favorite resort. Cheaper than hiring a buggy and passengers are enabled to spend a day on the banks of the famous old Suwanee river. tf

Mr. J. M. Peeler, formerly of this city, and Miss Madge Jones of Jacksonville, were united in marriage at 8 p. m. on Wednesday in the latter city. The bride is an accomplished lady of Jacksonville, where the groom is engaged in the practice of law. He is a nephew of R. B. Peeler, former county treasurer, and grew up in our midst. Their many friends unite in congratulations.

Prof. Chas. Smith of Michigan is spending a few days at the Endel Inn. He is a clever fellow and an old-time musician, and entertains his new made friends and the guests at this popular resort in the evenings with his vocal and instrumental selections. Prof. Smith is apparently a well read musician, and is spending the season here for his health. He has visited many of the prominent parts of Florida, and considers Gainesville one of the prettiest and most healthy cities he has visited.

Judge Mason's Court.

In Judge Mason's court Thursday there was an interesting case, being the case of T. R. Pickett vs. D. J. Richbourg, replevin of a horse. The case was argued without a jury, the matter being referred to the Judge. The decision was rendered, after the argument, in favor of the defendant. Christopher Matheson represented the plaintiff, while B. A. Thrasher appeared for the defendant.

Mrs. Frances Alston of Daytona and Miss Anest E. Patterson of Jacksonville are pleasant visitors at the home of Prof. and Mrs. D. S. Days, 300 West Boundary street.
